

The bug wall, green walls, sculpture panels, and Cor-Ten steel pots planted with *Acer* species.

Bespoke stone "cushions" designed and made by Stéphanie Marin, Nice, France.

STEAL THIS:

Use hardscape features to create a connection between the inside and outside spaces to create a sense of being immersed in the garden even when seated inside.

SMALL GARDENS

The Eco Garden, Salford, Greater Manchester, United Kingdom

David Keegan Garden Design & Landscape Consultancy

Manchester, UK

USDA ZONE: 7

JUDGES' PERSPECTIVE:

A stellar illustration of well-conceived design and sustainable, eco-friendly principles with good aesthetics and cohesion.

A "Before" picture of the garden as first viewed by the designer, looking from the house.
